01

Identifying a problem

Find a problem that people actually face. The bigger and more common the problem, the more opportunity there may be.

Muhammad Mehrooz Shafique
Co-Founder, Permanent SEO

02

Creating a solution

Create something that solves the problem. A good solution should make the customer's life easier, faster, or better.

Muhammad Mehrooz Shafique
Co-Founder, Permanent SEO

03

Finding a market

Find the people who have this problem. They should also have a reason and ability to pay for your solution.

Muhammad Mehrooz Shafique
Co-Founder, Permanent SEO

04

Understanding the customer

Learn what your customers actually want and need. Understand their habits, frustrations, what affects their decisions.

Muhammad Mehrooz Shafique
Co-Founder, Permanent SEO

05

Building a business model

Decide how the business will make money. You need to understand your costs, pricing, revenue, and profit.

Co-Founder, Permanent SEO

06

Developing a USP & strategy

Give customers a clear reason to choose you over competitors. Then build a strategy around that difference.
